

Mrs Regan - Year 5 Teaching Assistant.

I have been working at Gainsborough Primary and Nursery School since September 2016. My role involves plenty of variation which ensures every day is different, interesting and fun. I enjoy working with children as a whole class, in small groups and 1:1, supporting them in every way I can to achieve academically and socially and emotionally through classroom activities, interventions and our Emotionally Healthy Schools programme.

Outside of school, I spend my free time doing a variety of activities such as, time away in Wales, paddle boarding, walking, reading and being as active as I can with my family. I also enjoy socialising with friends, often having BBQs or visiting new places with them.
