

Mrs Taylor

I joined Gainsborough on a one-year secondment from Cledford back in 2015 and loved the children and staff here so much that I'm still here eight years later! I have taught across Key Stage 2 during that time and am currently teaching Class 14, one of our fabulous year 6 classes.

I am the reading lead here at Gainsborough, and it is my aim to instill in our children a love of reading that will last a lifetime. Throughout the year, I will be setting lots of different reading challenges so keep a lookout for these!

Away from school, I enjoy travelling with my family. This year I have set myself the challenge to learn another language and so have started Spanish lessons online. In addition to this, I also spend a lot of time supporting my daughters in their netball games and take them all over the North-West of England for their games.

I'm really looking forward to this year and helping prepare our Year 6 for their onward journey to secondary school.
